

CARAMOOR STUDENT STRINGS

This program provides an opportunity for middle and high school string players to work with members of Caramoor's Ernst Stiefel Quartet in Residence during both the fall and spring semesters.

THE PROGRAM INCLUDES:

- An in-school "Concert and Conversation" with the quartet
- A clinic at Caramoor for selected students
- Free voucher for half-price tickets for students and their families to attend the quartet's concert

BEFORE THE VISIT:

Through conversations with quartet members, teachers help design the content of the workshop.

"Since our trip to Caramoor, I have been making an extra effort to practice my violin every day for as long as I can. The music the quartet played was music from the heart, and I hope that one day my music can be just as moving."

CARAMOOR

CARAMOOR EDUCATION PROGRAMS

MISSION STATEMENT

Caramoor's Education Programs are dedicated to:

- Encouraging teaching and learning through the arts across the entire school curriculum.
- Improving the quality of arts education in the schools through interaction with Caramoor.
- Providing children and those who affect their lives with the highest quality arts education; an enlightened and imaginative environment; and the finest artist educators to inspire and generate creative expression.
- Offering programs to school children throughout the metropolitan region, with a special emphasis on under-served schools.
